Legal Support - Indiana/Illinois

If you believe you or a loved one may need assistance with a cancer related legal issue, we have volunteer attorneys available to provide a free evaluation of your legal situation. Some examples of potential legal issues may include drafting of wills/estates, health insurance issues, legal/medical power of attorney documentation, and other healthcare related issues.

Please submit a confidential inquiry to lharmon@lernerandrowe.com and jfaust@lernerandrowe.com. Include your name, phone number, and a description of the legal issue. All information provided will be kept strictly confidential. Submission of an inquiry does not create an attorney/client relationship. Please allow 72 hours for a response.
